

June 2021

At Sunnybank we remain committed to the safety of our members, volunteers and staff.

This summer we have introduced outdoor activities and clubs in addition to our online programme.

Whilst we miss our larger indoor clubs such as the Kites Club, we believe in proceeding with caution and consistency and therefore will be operating our online and outdoor activities only over the summer.

We have begun to work towards establishing a safe plan for our indoor clubs but remain cautious to the current Covid rates and vaccination rates amongst the population.

Further information will be available later in the summer.
